

Bakery Education – ASSOCOM INSTITUTE OF BAKERY TECHNOLOGY & MANAGEMENT

The following good news on bakery education has been received from Mr.Raj Kapoor. We are pleased to introduce you our new initiative, ASSOCOM INSTITUTE of BAKERY TECHNOLOGY & MANAGEMENT (AIBTM).

We have been involved with Bakery and Wheat based industry and academia for past several years we now take the initiative to launch AIBTM under the patronage of American Institute of Baking -AIB International School of Baking USA.

AIBTM is located in KNOWLEDGE PARK III, at Greater Noida, just a little away from New Delhi, well connected through an excellent highway network.

AIBTM is a complete teaching, training, and research facility, with complete set up for practical baking, well-equipped testing laboratory, best teaching facilities, and all that is needed to make a modern institute.

Facilities and courses are being designed under guidance from American Institute of Baking (AIB), who is running its training programs with AIBTM.

The course content and evaluation meets AIB approval and Certification. Hyejeon College, South Korea, has collaborated to run joint programs on bakery confectionery and sugar craft at AIBTM.

Proposed programs at AIBTM

1. 2 years Diploma in Bakery Technology & Management – (qualification 10+2)
2. 1 year Post Graduate Diploma in Baking Science -(qualification graduate from food technology, engineering, Home science)
3. 2 year Diploma in Patisserie and Artisan Bakery Craft

We also have short courses on Bakery & Confectionery, varying from 3 days schedule to 8 weeks.

Facilities of AIBTM include – Housing, 100% placement for deserving candidates, a state-of-art and e-library, 24 hours wi-fi internet and transport facility available from nearest bust stand, auto and metro train link.
